## LET'S GET BUSY NOW.

Do your buying and your paying now—and do it in Didsbury. When you pay a debt here you will see some of the money again in some form; when you make purchases here you will see some of the money again some time. When you pay a debt or make a purchase you add movement to the town's life blood and you help yourself. As money circulation increases business is more brisk, employment increases. Let's get busy and make Didsbury hum with business. Do your share—don't worry about the man next to you. Maybe he is just waiting to see what you will do. **BUY AT HOME!**

## Ladies' Aid Annual Meeting

The Ladies' Aid of the United Church held their annual meeting at the home of Mrs. W. J. McCoy on Wednesday, December 2, there being a very large attendance. After the final arrangements had been made for the bazaar to be held in the Opera House on Saturday, December 12, the election of officers was proceeded with and resulted as follows: President, Mrs. Norman Clarke; vice president, Mrs. Dr. Clarke; secretary, Mrs. J. R. Miller; treasurer, Mrs. J. Philipson; calling committee, Mrs. Guy and Mrs. Hillyard.

## Bergen-Niche Valley.

Dave Allen's mother is here on a visit. She came out and surprised them, and may remain for the winter.

Mrs. Fred Edmussen tried to go under a fence a few weeks ago, but fell and in some way dislocated her knee-cap. After lying in the snow for an hour, Mr. McCormick came and carried her into the house. Grace and Florence Gamble have taken turns in caring for her. Fred came home from threshing on Saturday last and as she can get around some we hope for the best.

The friends of Mr. Erne Halvorsen have installed a loud speaker radio in his home for his enjoyment. He has been bedfast for three years with rheumatism. I am sure he is much pleased.

Ivor Erickson is lame from the accident he had last summer. His son Egil is home from B.C., so he has some comfort in this.

Mr. Davies gave Ira Gamble a "joy ride" Tuesday, when he took him to Ben Lutkehausen's where his wife was anxiously awaiting his arrival.

Ira Gamble wishes to thank all who have been interested in his welfare and that of his family at Bergen, as he and they are the recipients of many tokens of kindness.

Rev. Shantz and family are moving to Didsbury to attend Bible school. Our prayers will accompany them.

Ralph Tanner and Mr. Rowell are among the visitors at the hospital in Didsbury.

Three deer (a large buck and two does) are feeding around the house with the cattle. Sunday evening they came and stood within 50 paces of the door and did not run even when the children ran up from the barn, but ate around the house for an hour. We had a good look at them anyway.

IN THE ESTATE OF Isaac H. Levagood, of the District of Didsbury, farmer:

### MUNICIPAL DISTRICT OF WESTERDALE No. 311

### SHOP EARLY and

## Burnside

Mrs. Joe Clark returned Saturday from Strathmore, where she had been visiting her sister Mrs. Mackie.

Mrs. Boulton of Medicine Hat is visiting her son Fred Boulton.

Married—in Calgary on Friday, November 26th by the Rev. Dickison, pastor of Knox Presbyterian church. Miss Lena Engen of Sunnyslope to Mr. Roy Doll of Woodcock, B.C., formerly of Didsbury. Congratulations.

Mrs. McAllister accompanied by Evelyn Boulton, left last week for Ontario to visit friends and relatives.

Mr. and Mrs. Roy Doll and Mr. and Mrs. John Greer spent Sunday at Noah Eckel's.

Lone Pine Women's Institute met at the home of Mrs. Harry Richardson on Tuesday, December 8th. After the usual business the following officers were elected for the ensuing year: President, Mrs. John Topley; 1st vice president, Mrs. Hugh McLean; 2nd vice president, Mrs. Fred Boulton; directors, Mrs. Earl Gilchrist, Mrs. Clarence Cipperly, Mrs. Noah Eckel, Mrs. Bert Gross and Miss Winnie Spragg; Secy-treas., Mrs. Wm. Lyons; auditor, Mrs. Noah Eckel. The next meeting will be held at the home of Mrs. Gilchrist on the second Thursday in January.

The Jutland Burnsie community hall is gradually being built and every day a gang of energetic men are busily engaged in helping it to grow. We expect to see it finished in the near future, very likely in time to hold the Xmas entertainments.

### Letter from Damascus.

D. C. Eby

We do not know how well you may be informed through the daily press about political conditions in Damascus and throughout Syria, but on Friday, October 23, we left Damascus for Beirut upon the advice of both the American and British consuls.

There seems to be concerted action upon the part of both Druses and Syrians all over this country to oust the French. While it is evident that the Druse war was a part of this plan, apart from the threatened attack upon the city by bandits about two months ago, it has only been about two weeks since the trouble really centered in and around Damascus.

During this time the French have been attacking and destroying villages in an attempt to catch the brigands who were being harbored there. One day they paraded a number of camel loads of dead bodies down Straight street to the square in the centre of the city where they unloaded them and forced their relatives to come and bury them. Other days prisoners in considerable numbers and much loot were brought in, and there was quite a bit of rifle firing, especially at night.

Then at about 4:30 p.m. on Sunday, the 18th, rapid rifle fire and machine gun firing began. This was followed by heavy cannonading, one shell shattering the living room of the Irish Presbyterian Mission about one and a half blocks from our house. At the time no one seemed to know the cause of the commotion, but we learned later that the bandits had possession of a section of the city near to us and that for this reason the French were shelling it from the opposite side of the city, to which they had withdrawn. This left the entire Christian quarter with no French protection whatever. Many armed Moslems were about the streets and we were entirely at their mercy, although they seemed to do nothing beyond robbing a few Armenians who were about.

The firing continued throughout the night and on Monday forenoon airplanes also started dropping bombs. We had the Irish Presbyterian ladies, whose house had been partially destroyed, brought to our house, but after dinner it was considered best for the twelve American and British missionaries in the line of fire to go to the British hospital, which is located at the edge of the city. The Syrian chief of police agreed to escort us providing we would assemble at the local police headquarters within ten minutes, as they were then disbanding because the French had deserted them. We hurried along single file close to the buildings, as airplanes were circling about, and reached in safety with what few earthly belongings we could carry.

The people throughout the Christian quarter were in a panic and about 3,000 or more Christian Syrians and Armenians swarmed the hospital buildings and grounds that night to be under the protection of the British flag. But, lest they provoke an attack, by order of the British consul they were sent away again Tuesday morning, the Syrians to their homes and the Armenians going anywhere they might find refuge in the city.

With great difficulty the British consul managed to get from the consulate to the hospital, the French refusing him even an escort or protection. He advised his people to leave Damascus as soon as possible because the French could guarantee them no protection whatever inasmuch as they considered the entire city in revolt and intended to bomb it promiscuously in case it did not surrender. The American consul, who was on the opposite side of the French lines, finally succeeded in getting through to us after having sent us official advice to leave at the earliest possible moment.

Most of the firing had ceased by Tuesday afternoon, but clouds of smoke still rose from the large fires which had broken out in the shelled districts. Very much damage has been done in various sections, and the west end of Straight street is practically demolished.

Of course it was impossible for the

**The Pioneer for your Job Printing and Xmas Cards**

## Ready to Roll the World's Grain Caravan

To the average person a railroad shop is perhaps the most uninteresting institution one could possibly think of. It suggests to one's mind everything that is cold and inanimate—dry—grimy. Even the fence surrounding these stolid premises looks forbidding, like a prison wall.

But during the great Canadian grain rush from West to East there are few places in the West more interesting than the Weston Shops of the Canadian Pacific Railway, at Winnipeg, where 500 cars a day are snatched in off the main line, repaired and shot out the next day to resume their place in the big rolling movement of the world's grain caravan.

This institution, quietly situated on the western outskirts of Winnipeg, ranks among the big industrial organizations of the West. It employs eighteen hundred men the year round, and has a monthly payroll of \$220,000. Weston Shops, which last year repaired 39,518 cars, 300 coaches and 494 engines—and manufactured a million and a half dollars' worth of material—gives one the impression of being a big, self-contained corporation. Instead of a minor part of a big railroad system.

Under Works Manager H. B. Bowen, there are 818 men working

here who have held their jobs for more than ten years, and there are another 100 men who have been in the service for twenty years and over.

Weston Shops cover 23 acres of land, fenced in and guarded at each entrance by an attendant. Inside the fence is a separate railroad yard containing 40 miles of trackage. One thousand cars are being shifted about continuously by three shift engines. Every day in the week from 400 to 500 cars are repaired and shunted out of its gates into the regular yards.

These shops use up \$300,000 worth of material annually and they burn 120 tons of coal each day, all Western Canadian coal.

One of the most interesting parts of this institution is an apprentice school, where 140 boys attend school in the company's time, receiving regular wages. They are learning the technical side of railroading. They study arithmetic, geometrical and mechanical drawing and enter regularly into the practical side of shop life.

A unique part of the shops is a section where all the scrap iron and metal wastage from Fort William to Calgary is gathered and shipped to be re-made into iron castings. The company saves \$25,000 a year from this reclaimed metal. From these erstwhile wastages the shops man-

facture all bolts and iron casting parts for the entire western lines of the company. Each month 100,000 tons of cast iron is manufactured here.

It is interesting to go through these shops and see some of the biggest engines in the service being stripped right down to their wheels and completely rebuilt. An engine can be rebuilt here in about eighteen days.

"There is an engine that went into the rock-slide in the Rockies two months ago," says the foreman. "All one can see of this engine is its frame, just steel bars on wheels. It is being re-made, boiler and everything."

Passenger and freight car wheels for western lines are also made here. The wheels must be ground while both wheels are on axle, and both must be made exact in size within a hundredth of an inch. For, if, as the foreman explained, one wheel is an eighth of an inch larger than the one on the other side of the axle, that larger wheel will want to travel an eighth of an inch farther every time the other one turns over, thus wearing down the flange and spelling the track—and causing danger to the entire train. Annually, 16,000 pairs of new wheels are made here.

And on these wheels roll the world's grain caravan.

Shop early and thus give your local merchants time to attend to your requirements.

They will appreciate it.

# MAGIC BAKING POWDER

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency.

Because of this and the uniformly satisfactory results obtained by its use we recommend it as Canada's perfect baking powder.

PRODUCT OF CANADA

## WORLD HAPPENINGS BRIEFLY TOLD

One of the most important gypsum beds in the world has been discovered by an Ontario prospector.

A grant of \$36,000 to the Salvation Army in aid of its Canadian emigrant work in Great Britain has been authorized.

At the end of June expenditure in connection with the British Empire Exhibition amounted to over \$6,000,000.

What is claimed to be a world's record for loading cattle aboard a steamer was established when 282 head of cattle were loaded aboard the Canadian Victor in 25 minutes.

Dancing at sea to wireless music broadcast from London is being enjoyed daily by passengers cruising from Brighton to Isle of Wight in the pleasure steamer Queen of the South.

The transference of the British admiralty staff from Dover to other dockyards, which is proceeding apace, marks the end of Dover as a naval base.

Participation of the United States in the permanent Court of International Justice at The Hague was endorsed by the American Bar Association at the closing of its annual convention at Minneapolis.

NORMAN E. TRIMPER

## THIS MAN TELLS YOU HOW TO KEEP FIT!

Bear River, N. S.—My back was so bad I could hardly work. I was always tired out and had no ambition; was nervous and dizzy, and everything seemed to worry me. I also had terrible pains in my right side. I felt badly for about eighteen months, and could not do my work as it should have been done. I tried several doctors, and also bought about \$25.00 worth of put up medicines, but I found no relief until I took Doctor Pierce's Golden Medical Discovery and Doctor Pierce's Anuric (anti-uric acid) Tablets. I have taken two bottles of the Discovery, and four of the Anuric Tablets, and can say that I feel as well as I have felt for the last ten years. I advise any sufferer to give Dr. Pierce's remedies a fair trial. I cannot recommend them too highly for what they have done for me and shall be pleased to answer any one who cares to write me.—Norman E. Trimper, R. R. 1.

Obtain these famous medicines now at your nearest drug store, in tablets or liquid, or send 10 cents to Dr. Pierce's Laboratory in Bridgeburg, Ont., for a trial package of any of his remedies. Write Doctor Pierce, President Invalids Hotel in Buffalo, N. Y., if you desire free medical advice.

## Cow-Testing Progress

### Five Provinces Show Considerable Increase in Number of Herds Tested

There were 502 cow-testing centres, 2,685 dairy herds under test, and 26,203 tests conducted this year, mainly under the supervision of Dominion dairy officials, up to the end of June last. Five of the provinces show a considerable increase in the number of herds tested. Saskatchewan shows the largest percentage of increase, with New Brunswick next in line and Alberta a close third. The increase in Saskatchewan is largely due to the efficient work of provincial officials. In British Columbia, with five organized co-operative associations, approximately two thousand cows are tested each month.

## Creamery Butter Production

### Production Last Year Excellent that of Any Previous Year

The total quantity of creamery butter made in Canada in 1922 was 147,752,771 pounds valued at \$51,530,780, an increase in quantity over the previous year of 19,008,161 pounds, or 14 per cent., and in value of \$3,395,543, or 7 per cent. The production of creamery butter last year exceeded that of any previous year.

The total quantity of cheese made in Canada last year was 136,579,473 pounds valued at \$22,067,106, compared with 162,117,494 pounds valued at \$8,710,030 in the previous year.

## A GOOD MEDICINE FOR THE BABY

Nothing can equal Baby's Own Tablets as a medicine for little ones. They are a laxative, mild but thorough in action, and never fail to relieve constipation, colic, colds and simple fevers. Once a mother has used them she will use nothing else. Concerning them Mrs. Saluste Pelletier, St. Damas des Aulaines, Que., writes:—"I always keep a box of Baby's Own Tablets in the house. They are the best medicine I know of for little ones and I would not be without them." The Tablets are sold by medicine dealers or by mail at 25¢ a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### A Foul

Teacher (in dramatics).—"Imagine midnight, silent as the grave. Two burglars force open a library window and commences to crack the safe. The clock strikes one."

Voice in rear.—"Which one?"

### Internally and Externally it is Good.

—The crowning property of Dr. Thomas' Electric Oil is that it can be used internally for many complaints as well as externally. For sore throat, croup, whooping cough, pains in the chest, colic and many kindred ailments it has qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it at hand.

## Britain Orders Latest Tanks

### Self-Contained Fighting Unit Also Draws Artillery Into Action

British gun manufacturers have produced a new war weapon, says The Daily News. It takes the form of a tractor tank and is capable of drawing artillery into action in addition to being a self-contained fighting unit.

The tank is mounted with guns, has a turret and a special compartment in which it carries field artillery. Its range is twice that of the earlier tanks used in the war.

The British Government has planned an initial order for 23 of the new machines to cost \$40,000 each.

Nearly all children are subject to worms, and many are born with them. Spare them suffering by using Mother Graves' Worm Exterminator, an excellent remedy.

## Electrical Apparatus Imported From States

### Country Supplies Bulk of Material Used by Canada

Canada buys electrical apparatus almost entirely in the United States, according to return giving the imports of articles of this nature in July, published by the Dominion Bureau of Statistics.

The total imports of electrical apparatus in that month were valued at \$1,212,115, and of this a value of \$1,079,896 came from the United States. The United Kingdom sent \$92,000 worth, while Japan, with a value of about \$9,000, came third.

Minard's Liniment Relieves Colic

## CUTICURA HEALS LARGE PIMPLES

### On Face, Itched and Burned, Caused Loss of Sleep.

"I was troubled awfully with pimples on my face. Little white spots formed at first which later broke out in large, red pimples that festered and scabbed over. They itched and burned causing loss of sleep, and my face was disfigured.

"Other remedies were used without success. A friend recommended Cuticura Soap and Ointment so I purchased some, and after using them about a week I got relief. I continued using them and in a month was completely healed." (Signed) Miss Lillian Warner, Wil- liamsburg, Ontario.

Daily use of Cuticura Soap, Ointment and Talcum helps to prevent skin troubles.

Sample Box Free by Mail. Address: "Lynn, Lynn, 104, 249 St. Paul St., W., Montreal." Sold everywhere. Soap 5c, Ointment 5c and 50c, Talcum 5c. Cuticura Soap shaves without a mug.

## Reasons For Queer Habits

### Japanese Have Logical Explanation For Doing Things Backwards

"When I first went to Japan," a long-time American resident of that country is reported in the "Type Metal Magazine" as saying, "they seemed to do everything the wrong way. They sawed wood by drawing the saw toward them. They backed their horses into the stalls. When our clocks are striking one, theirs would strike 11. Their blacksmiths worked sitting down and when they wanted to rest they stood up. But gradually I learned that there was a logical reason for each of these seemingly queer habits.

"Pulling the saw prevented buckling."

"When are you in a hurry—when you put your horse in the stall or when you take him out?" was the answer of the man who was questioned about the horse. As to the clock, it seems that the Japanese prefer to know how many hours are left in the day rather than how many have passed. And the blacksmith who sits down works with his feet as well as his hands—literally, he has four hands, and he rests all these when he gets up."

## DIARRHOEA and VOMITING Doubled Up With Pains

If you are suddenly attacked with diarrhoea, dysentery, colic, cramps or pains in the stomach or any looseness of the bowels do not waste valuable time but at once procure a bottle of Dr. Fowler's Extract of Wild Strawberry for it has qualities that are unsurpassed. A bottle of it costs little and there is no loss in always having it ready.

Mrs. Ernest Morris, 3 Webb St., London, Ont., writes:—"I take great pleasure in recommending Dr. Fowler's Extract of Wild Strawberry for what it has done for me.

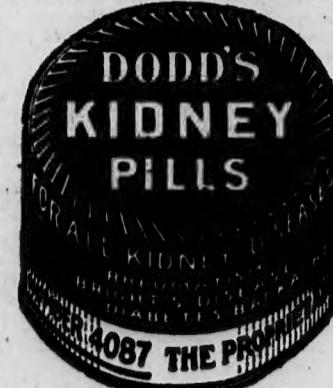

Some time ago I took an awful violent headache, then started to vomit and felt so sick I could hardly stand it all day; towards evening intense pain came in my bowels and I was just doubled up the pains were so bad; the perspiration stood out like beads on my forehead; then the diarrhoea started and I really thought I was going to die.

My husband went to the drug store and got a bottle of Dr. Fowler's Extract of Wild Strawberry; he gave me four doses, at intervals, and by noon next day the diarrhoea had stopped and the pain was all gone too.

Now I will never be without Dr. Fowler's in the house."

Price 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

To be absolutely safe in the summer one has to stay off the street, out of the water, out of autos, trains and interurbans. How glorious our civilization is!—Ann Arbor Times-News.

## Demand For Paper

### On Ocean Liners

#### Management Has Found It Necessary To Instal Faster Presses

Because, according to the management, "the demand has been larger than could have been predicted," new and faster printing presses will shortly be installed on the Cunard liners to print the Daily Mail Atlantic Edition. This paper is set in type, edited and published each day that the liners are at sea. The ships publishing the Daily Mail Atlantic Edition are the Berengaria, Aquitania, Mauretania, Carmania, Franconia, Tyrrenia, Laconia, Caronia, Samaria and Scythia. Installation of Linotype machines on the first three ships listed above is the latest forward step in this new branch of journalism. Twice a day by arrangement with the Radio Communication Company, important news events are wireless to the ships on the Atlantic. The subscription price is one shilling and three pence for the voyage. Single copies are sold at three pence.

## Manslaughter In 2nd Degree

### Using a razor—bad stuff—but many people do it for their corns. The only remedy that is painless and sure is Putnam's Corn Extract, which does remove warts and corns, cleanse them right off. Refuse a substitute for "Putnam's," 25¢ everywhere.

## Canada Foremost Wheat Grower

A cablegram received at Ottawa from the International Institute of Agriculture at Rome summarizing the world's wheat conditions places Canada in the foremost position as a source of supply for the world's wheat markets. The prospective shipments from principal wheat exporting countries are placed as follows: Canada, 290 million bushels; United States, 180 millions; Argentina, 120 millions; Australia, 40 millions; India, 30 millions; Russia, 20 millions; Balkans, 10 millions.

**A Power of Its Own.**—Dr. Thomas' Electric Oil has a subtle power of its own. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

## Beauties of Canada

### New Posters Depicting Scenes of Great Beauty Issued by C. N. Railways

Combining the best work of artists and printers and setting forth the beauties of Canada in a manner which appeals instantly to the eye, a new series of posters is being issued by the Canadian National Railways and are now being placed on display in the offices of the system and elsewhere in the Dominion and in other countries. The grandeur of the Rockies, typified by Mount Robson, the highest peak in the Canadian Rockies, is depicted in an artistic design on one of the posters, while another shows a magnificent view of Mount Edith Cavell and Lac Beauvert, all of which are on the lines of the National system.

The glint of sun upon placid waters, with motor boats and other craft in the foreground and Minaki Inn in the background, carries to intending tourists a message of the beauties of that section of Ontario which lies just 114 miles east of Winnipeg.

The Great Lakes and Port Arthur are depicted in a poster showing the lake and rail route offered to tourists travelling between Eastern and Western Canada, a deck scene on the S.S. Noronic being the medium through which the poster tells its story of a pleasant journey which may be enjoyed as one sails down their inland seas.

In his poster design of the Lower St. Lawrence, the artist has triumphed and the printer has added the touch of his own art to the result. An aged inhabitant with his ox-cart full of fragrant new hay has ascended a steep hill at the foot of which nestles a quaint old village which in Canada could be found only in Lower Quebec.

## Protecting Elk Herds

The elk herds on Vancouver Island, north of Cowichan Lake, are to have a reservation of forty square miles, and the British Columbia Game Board is now engaged in making necessary improvements so that real protection may be afforded this rare species of big game. There are said to be about 300 head of elk in the immediate vicinity of North Cowichan Lake.

## A Butterfly Farm

### Would Raise Insects in California for Color and Decorations

An application for permission to establish a butterfly farm on public domain in the Angels Forest reserve has been made to Supervisor R. H. Charlton, Los Angeles, Cal., by John Hewlett, of Redlands, California.

Hewlett stated that if permission were granted to him to use forty acres for that purpose, he would plant the entire tract in flowers he believes butterflies like particularly, and would raise the insects for color and decorations.

"Golf," declares a physician, "is an aid to business." Of course it is; the office always runs more smoothly when the boss takes an afternoon off.—Chicago Evening Post.

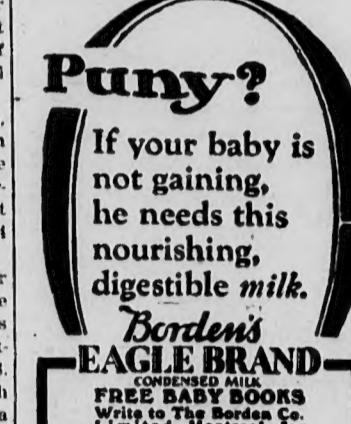

## PILES

One-half interest in threshing machine—this is a Sawyer-Massey steam engine, 26 h.p., 1 Nichols & Shepard separator, 32 ins. 1 steel water tank—this is stated to be in fair working order.

Household Goods—Range, dishes, chairs, bedding, etc.

Terms cash.

For further information apply to The Trusts & Guarantee Co., Ltd., Calgary, Alberta; or Auctioneer, J. W. Phillipson, Didsbury, Alta.

### EVANGELICAL NOTES.

**Church Services**  
Sunday  
10.30 a.m.—Morning worship.  
11.30 a.m.—Bible School.  
7.30 p.m.—Evening Worship.  
8.30 p.m.—Senior League of Christian Endeavour

Thursday  
7.15 p.m.—Junior League of Christian Endeavour. Study of Catechism, etc.  
8.00 p.m.—Praise and Prayer Service.  
H. E. Roppel, pastor

A glad welcome always awaits you when you worship with us in the Ev. church. "Come thou with us and we will do thee good." Num. 10:29.

Since the weather is fine and the roads good, the church attendance has been very gratifying, especially in the evening, it has averaged about 210 all through the month of November.

The pastor's sermon subjects for next Sunday are: "The Wells of Salvation" for the morning and "Moving Toward Sodom" for the evening. Another series of sermons for Sunday evenings, entitled "Fine Arts of Religion," is under way of preparation and will be delivered at the earliest convenience.

When the weather is wet,  
We must not fret;  
When the weather is dry,  
We must not cry;  
When the weather is cold,  
We must not scold;  
When the weather is warm,  
We must not storm;  
But be thankful together,  
Whatever the weather,  
And go to church every Sunday.

Rev. Marr, district secretary of the British and Foreign Bible Society was well received in the Evangelical, Mennonite and Presbyterian churches a few Sundays ago. The total offering from the three churches amounted to \$226.51 cash and subscription. A union meeting for organization took place in the Presbyterian church after the evening services and resulted as follows:

D. Dippel, president; J. V. Berscht, secretary-treasurer; and pastors of all the churches as ex-officio members of the local organization.

Collectors for the subscription funds are: Mennonite—Miss R. Cressman, Miss M. Shantz, Mrs. Burkholder, I. Stauffer and T. Reist. Evangelical—Mrs. Powers, Miss A. Mueller, and Miss L. Clemmons. Presbyterian—Mrs. J. L. Clark, Mrs. W. Hillyard and Mrs. W. McCoy.

The church people of the town of Didsbury have always taken a very keen interest in the Bible society work and have put themselves on record, worthy of note as seen by the following figures representing the annual contribution from this local society since 1909.

1909—\$12.50, 1910—\$74.35, 1611—\$94.00, 1912—\$61.55, 1914—\$82.85, 1915—\$88.40, 1916—\$84.95, 1917—\$113.25, 1918—\$114.05, 1919—\$236.65, 1920—\$114.25, 1921—\$81.96, 1922—\$806.81, 1923—\$164.31, 1924—\$233.68.

### NOTICE TO CREDITORS AND CLAIMANTS.

In the Estate of ISAAC H. LEVAGOOD, of the District of Didsbury, Farmer.

NOTICE is hereby given that all persons having claims on the estate of the said Isaac H. Levagood, are required to file with the undersigned Guardian of his Estate by the 24th day of January, 1926, a full statement duly verified, of their claims and any securities held by them, and that after that date the Guardian will distribute the assets of the estate among the parties entitled thereto, having regard only to the claims of which notice has been so filed or brought to its knowledge.

DATED this 5th day of December, 1925.

The Trusts and Guarantee Co. Ltd., 220 8th Ave. West, Calgary, Alberta, Canada, H. A. Howard, Manager; Guardian of the Estate of Isaac H. Levagood.

## A Call To Public Service

One of the outstanding addresses before the recent conference of Boards of Trade and Chambers of Commerce at Winnipeg, to which reference was made in this column last week, was delivered by President Beatty of the C.P.R. As was natural Mr. Beatty dealt largely with the subject of transportation, and in doing so traced the history of both the Canadian Pacific and Canadian National from their inception. He discussed the transportation problem from its broad national aspect and in a manner worthy of the position he occupies, frankly outlining past mistakes and indicating lines of action which will make for future growth and success.

More transportation history is yet to be written in respect of Canada, said Mr. Beatty, but, he added, "with all due modesty I beg to say that the Canadians of today have just as much virility, courage and enterprise as the Canadians of thirty and forty years ago." Pointing out that Canada occupies a great expanse of territory with a fewer number of people per mile of railway than any other country, and consequently with less density and diversity of traffic, and enjoying, generally speaking, the lowest transportation rates in the world, the railways nevertheless had to be equipped to carry the traffic and provide the services which the people demanded and the interests of the Dominion made necessary. Despite the most rigid economy being practised the fact was that no change in improvement is possible without greater traffic and that means greater production and more people.

Mr. Beatty then came to the crux of his address; its constructive part, namely, the need of all parts of Canada for a larger population, and to attain that he submitted that a need existed for a change in colonizing Canada and that it was imperative both east and west. Continuing, Mr. Beatty said:

"My suggestion in respect to this much discussed question of immigration is that we should take it out of the field of statistics and place it in the field of human relations. The visitor coming to us from overseas in search of information is literally swamped with statistics presented in the form of bulletins, circulars, pamphlets, newspaper articles and what not, dealing with Canadian activities. We are apt to forget that people coming to our shore are human beings, members of families, often whole families who have torn themselves from old homes, homes in some cases centuries old, to come and live in Canada, to be neighbors. If we are willing to be neighborly and to become good citizens if we only hold out the welcoming hand."

"More forethought," continued Mr. Beatty, "must be taken to secure the placing of the immigrants in advance of their arrival so that the little capital they bring with them may not be trifled away, but may be devoted to its proper purpose and original intention. Now in that preliminary organization of opportunities the boards of trade throughout Canada can play a highly important part; and indeed in the prairie provinces they already are playing an important part. Already thirty local colonization boards have been organized through the medium of local boards of trade and these, during the past year, have been of marked assistance in securing positions, providing information as to available farms, receiving and welcoming the new-comers and generally co-operating in the successful settlement of approximately three thousand immigrants. Now if that example were followed throughout the Dominion from coast to coast, the impetus given to the soundest of all methods of immigration would be enormous, for the result would be immediate absorption of a large additional population with the least danger of congestion at any one particular point."

In other words, Mr. Beatty clearly favors the creation of machinery somewhat along the lines of the original Soldier Settlement Board, and now being carried out by the Land Settlement Branch of the Department of Immigration and Colonization with respect to those families coming to Canada under the British Empire Settlement Scheme. Such a system should be created to deal with all immigrants and not merely selected groups.

Mr. Beatty further contemplates that in the carrying out of such a plan local bodies such as boards of trade and the many public service clubs should take an active part. It is not enough that an immigrant arrive and then be allowed to shift for himself. An intelligent and active interest in his welfare and success is all important, and this friendly and helpful assistance must come from the whole community. What Mr. Beatty had to say on this phase of the immigration problem is deserving of repetition and should be heeded by all public bodies and citizens generally. He said:

"Most important of all the results of such Dominion-wide co-operation would be widening of the personal interest in this vital matter of immigration. During such campaigns as that of the Patriotic Fund, the men and women who served on committees found that the education gained by such service was of incalculable value, giving them a new vision of life and of their responsibility towards their fellow citizens. The education of public service is, to my mind, the finest education in the world. We talk a lot about national unity, but before we can understand what national unity means we must surely educate ourselves as to the racial elements that form our nation, and such education can only be achieved by personal contact with our fellow citizens, whether these citizens are native born or new Canadians. There can be no national unity except on the ultimate basis of community spirit."

## Order Your Farm Help Now

TO BE OF SERVICE to Western Canadian farmers and help to meet their needs in securing competent farm help, the CANADIAN PACIFIC RAILWAY will continue its Farm Help Service during 1926, and will include in this Service, as last year, the supply of women domestics and boys.

Through experience in the past few years, the Company is now in touch with a number of farm laborers in Great Britain, Norway, Sweden, Denmark, France, Holland, Switzerland, Poland, Czechoslovakia, Hungary, Yugoslavia, Germany and Roumania and can promptly fill applications for farm help.

In order to have the help reach Canada in time for Spring operations, farmers requiring help must get their applications in early, to enable us to secure the help needed.

Blank application forms and full information regarding the Service may be obtained from any C.P.R. agent or from any of the officials listed below.

## Not Needed in League

### Better For United States to Stay Out

Says Dr. Garnett

Dr. Maxwell Garnett, secretary of the League of Nations' Union of Great Britain, addressing the members of the Canadian Club at Ottawa, at their weekly luncheon, on "Some Side-lights on League Activities," said that, so far as he is able to judge, it is not at all necessary for the United States to join the league now that Germany is in it. Dr. Garnett expressed the view that it would be a very serious blow to the League of Nations for the United States to go in, in advance of public opinion, and then want to go out again.

Dr. Garnett, in his address, surveyed some of the activities of the league. The result of all these activities has been to astonish even the league's best friends, he said. Dr. Garnett instanced, also, the prompt action of the league with regard to the recent conflict of the Greeks and Bulgarians as a result of which, five days after the council of the league met in special session, the last Greek soldier left Bulgarian territory and the trouble was settled. Increased prestige has come to the league as a consequence, but the backing of public opinion is still necessary.

## Stomach Cramps Yield to "Nerviline"

When doubled up at midnight with cramps you don't feel like experimenting; what you want is something to remove the cramp. Nothing acts so effectively as Nerviline. Take twenty drops in a little sweetened water, and quick as wink the cramp is gone. Nerviline is about five times as strong as most medicines, and because so strong, only a small dose is required to give instant effect. For stomach, gas, fermentation, cramps, etc., Nerviline should be kept in every home. For sure protection, get "Nerviline" today. 35c at dealers.

It was Thomas Huxley who said that an acre of good fishing ground will yield more food in a week than an acre of the best land will yield in a year.

## MOTHERS WHO HAVE USED BABY'S OWN TABLETS

### Always Strongly Recommend Them to Other Mothers

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else—actual experience teaches her that there is no other medicine to equal them for any of the minor ailments from which her baby or little ones suffer. Having found the value of the Tablets in her own home, she is always anxious that other mothers should share her knowledge. That's why Mrs. Creighton White, North Noel Road, N.S., writes the following:—"I have a baby seventeen months old and have given him nothing but Baby's Own Tablets ever since he was a week old. I know of no other medicine to equal them, and it is certainly a pleasure to recommend them to other mothers."

Baby's Own Tablets are a mild but thorough laxative that regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fevers and make the sick baby well and happy again. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Soap was made by the Gauls over 2,000 years ago. They made it of goat's fat and ashes of beech trees.

**Asthma Overcome.** The triumph over asthma has assuredly come. Dr. J. D. Kellogg's Asthma Remedy has proved the most positive blessing the victim of asthmatic attacks has ever known. Letters received from thousands who have tried it form a testimonial which leaves no room for doubt that here is a real remedy. Get it to-day from your dealer.

A wise man never turns up his nose at the neighbors or at his wife's cooking.

### Minard's Liniment for bruises

Cobalt is used as an alloy in making cutting tools. It is principally furnished by Ontario.

When Holloway's Corn Remover is applied to a corn it kills the roots and the callus comes out without injury to the flesh.

Bolivia, with an area of 560,000 square miles, has a population only about as large as Chicago.

### Minard's Liniment for stiff muscles

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

## BUY IT BY THE VACUUM (AIR-TIGHT) TIN

## ECLIPSE FASHIONS

### Simplicity Of Line

The new high collar comes to town and tops the newest frocks. This is the type of frock that smart women know as a necessity—severely simple in effect, yet flaring smartly with the aid of inverted plait at the side seams.

It is fashioned of a wonderfully soft tweed, with its swagger collar tying at the throat. Two plain trimming bands—one running from the right shoulder to a point below the waistline, and one from the hem on the left side to above the waist-line—are held in place with flat bone buttons. The long fitted sleeves also have a button-trimmed hand. A narrow belt is fitted at the low waist-line. No. 1203 is in sizes 16, 18 and 20 years (or 34, 36 and 38 inches bust). Size 18 years (or 36 bust) requires 3 1/4 yards of 36-inch, or 3 3/4 yards of 40-inch material. Price 20 cents.

The designs illustrated in our new Fashion Book are advance styles for the home dressmaker, and the woman or girl who desires to wear garments dependable for taste, simplicity and economy will find her tastes fulfilled in our patterns. Price of the book 10 cents the copy.

## To Popularize Bible in France

To make the Bible a "best seller" in France as it is in English-speaking countries, Mr. Francois Bernouard, a publisher, is going to issue an edition in thirty volumes, with Hebrew and Greek texts opposite the French, with woodcuts scattered liberally throughout. Mr. Bernouard also is a poet whose work has found its way into many French anthologies.

NOW ONLY \$1.98

## THE FAMOUS BOOK OF ETIQUETTE

An Amazing Bargain—Nearly Half Million Sold at \$3.50—Special Limited Offer at Only \$1.98. Send Your Order Now!

T HIS Book of Etiquette needs no introduction. It is the recognized authority on the subject among people of culture, refinement and good breeding everywhere. It covers every phase of proper conduct and manners—at the wedding, dance, dinner, on the street, in the theatre—at all places and at all times. Nothing is omitted. It saves you from distressing embarrassments which arise at the most unexpected moments—gives you a dignified, easy, poise, confidence in yourself.

Nearly 500,000 people have paid the regular publisher's price of \$3.50 for this wonderful 2-volume social guide. Only an unusual lull in the book business has prompted the publishers to make this extraordinary short-time reduction in price. When the orders reach a certain number this offer will be immediately withdrawn.

### SEND NO MONEY

Drop us a line—a postcard will do—and the famous two-volume Book of Etiquette will be mailed at once. Pay the postage only \$1.98 (plus a few cents postage). And the books are yours. But remember, this remarkable offer may be withdrawn at any moment. So don't delay. Send your order NOW.

If for any reason you are not satisfied, return the books within 5 days and your \$1.98 will be promptly refunded.

# Lloyd George Is Now Anxious For Complete Unity Of Liberal Party

London.—"If I am an obstacle to Liberal unity I am prepared to retire," is the reported definite pronouncement made by David Lloyd George at a private gathering of Liberals here, when Lord Oxford and Asquith was entertained with a view to a further healing of the differences between the two wings of the Liberal party.

Reports of the gathering agree that a specially conciliatory note was adopted by Lloyd George, particularly with regard to his last campaign which, it is understood, fails to meet with the entire approval of both sections of Liberalism. He said his land policy could be modified.

Lord Oxford and Asquith declared he and Mr. Lloyd George had worked together harmoniously for ten years and although there had been differences between them, they had come together again and were the best of friends. He said he had every hope that the differences over Mr. Lloyd George's land policy would be settled in a few days. He plainly intimated, however, that if they were not shortly settled, the party would have to do without him, for he would be unable to remain with a disunited party.

## Business Conditions Improving In West

Outlook For Future Is Bright Says C.P.R. Official

Montreal.—Even prior to the garnering of the banner crop in the prairie provinces, conditions in the west have shown consistent improvement this year, according to C. E. McPherson, assistant passenger traffic manager, Canadian Pacific Railway western lines, stationed in Winnipeg, interviewed at head office of the system here.

Mr. McPherson was distinctly optimistic as to the present position in the west and as to the outlook for the future.

The crop has now been practically gathered, threshing is finished and the grain has been stored in elevators. All that remains is the transportation of wheat and that is going forward with dispatch, as may be seen by recently issued statistics. This means that a great volume of money is steadily coming in to farmers which gives them full opportunity to clear off debts, leaving enough over to enable them considerably to extend the purchases. The effect of this latter condition is obvious in the already much improved movement of westbound merchandise.

## Mosul Dispute Causes Anxiety

Question Will Be Considered Before Council At Geneva

London.—Rumors of the possibility of war between Great Britain and Turkey over the Mosul boundary failed to cast a shadow on the general rejoicing over the signing of the Locarno Treaty, but the ugly problem was not forgotten and was discussed informally in the lobbies of parliament and elsewhere.

Nothing developed, however, to give more solid form to the rumor.

The delegates of the nations have gone to Geneva where the Mosul dispute will be one of the main topics before the council of the League of Nations.

Hope is expressed here that the difficulty will be straightened out in Geneva.

Constantinople.—Foreign Minister Tewfik Rushdi Bey, accompanied by a delegation of Turks, left for Geneva to attend the meeting of the council of the League of Nations at which among other things the report on the Mosul question will be considered.

Jews Subscribe \$2,000,000

Chicago.—Chicago Jews have subscribed \$2,000,000 toward a \$15,000,000 fund being raised in this country for welfare work in behalf of the race here and abroad. The subscriptions which covered half of Chicago's quota, included one from Julius Rosenwald, who already had announced a \$1,000,000 donation to the fund.

W. N. U. 1806

## Good Season On Great Lakes

Report Shows Year Just Closed Best On Record

Chicago.—The greatest season in the history of shipping on the Great Lakes has just closed, with an approximate total tonnage of 98,000 due largely to better conditions in the steel industry which caused a record total of iron ore shipments. The year included a slight but notable expansion in deep sea shipping although the Welland Canal entrance to the Great Lakes west of Ontario is limited to vessels drawing 13 feet. Several shipments were received direct from Europe. The port authorities of the Duluth district reported 11 foreign ships clearing Western Lake Superior ports this year, eight of them Norwegian.

The 1925 season has been remarkably free from disaster, only two ships being sunk with a loss of a few lives.

The movement of grain from the northwest and Canadian producing sections down the Great Lakes was considerably less this year than in 1924, which holds the season's record of 543,500,000 bushels.

The three commodities constituting the bulk of the lake traffic were ore, coal and grain.

The Duluth port records this year showed 10,305 ships arriving, compared with 9,783 last year.

## Announces Remedy For High Blood Pressure

Possibilities Disclosed in Research At University of Toronto

Toronto.—Six months of intensive work in Toronto University's laboratory, has strengthened confidence in extract of liver as a remedy for high blood pressure or for hardening of the arteries. This was announced by Dr. W. J. MacDonald, St. Catherine's, Ont., in charge of the research. The occasion was a dinner tendered him by members of the Academy of Medicine.

Experiments have confirmed the first findings entirely, he said, and both continued treatment of laboratory animals and a preliminary chemical analysis of the potent extracts, indicate that the discovery is at the same time old and new. It is old in the sure and accomplished foundation on which it is based, and new in the possibilities which it presents for a weapon, more powerful than any known before, with which to attack the prevalent ailment of high blood pressure, and the attendant complaint of hardening of the arteries.

## Severe Storms In Rome

Intense Cold and Heavy Snow Causes Much Suffering

Rome.—Continuance of the unusually tempestuous weather is causing considerable damage as well as great suffering among the poor, with heavy rainfall and gales in Naples and Calabria and intense cold and heavy snow along the Appenines and Trentine Alps. Many rivers, notably the Volturno, are out of their banks. Houses are being swept away, and the inhabitants in Naples are fleeing. The firemen are busy propping up houses undermined by the waters.

## Hardened Criminals Need Lash

Toronto.—Brig-General W. St. Pierre Hughes, superintendent of penitentiaries, in an address here, stated that while dungeons, dark cells and flogging in penitentiaries were things of the past, he favored the judicial use of the lash for hardened criminals. Most of them, he said, would rather face a five-year term than one application of the lash.

## Italy Has Most Earthquakes

Rome.—More than 100,000 earthquake shocks have been recorded all over the world during the last 50 years, according to statistics published here. Most of these were only short tremors. Italy experienced the largest number of shocks, about 25,000, while Japan had only eighty less.

## Stranded In Orient

Philadelphia Girls' Baseball Tour Came to Abrupt End

Victoria.—Stranded in the Orient without funds when their baseball tour came to an abrupt end, ten girls of school age from Philadelphia, calling themselves the "Philadelphia Bobbles," arrived here on the liner Empress of Russia, their passages having been paid by a wealthy East Indian merchant of Hong Kong.

The girls passed through Victoria two months ago to play a series of games in Japan. The first appearance was met with crowded gates, more than 20,000 persons paying to watch the "Bobbles" in action, but the tour languished.

## IRISH BOUNDARY QUESTION STILL TO BE SETTLED

London.—The attempt to settle of the Irish boundary difficulty is continuing with further discussions by the representative of the British Government and of the Irish Free State and Ulster.

While official information regarding the exact situation of the controversy still is being rigidly withheld, some of the political writers incline to the view previously expressed that financial questions are having a strong influence.

There is no unanimity on how these questions are operating. Both the Free State and Ulster are declared in some quarters to be trying to squeeze "John Bull's" purse.

"Money payments both to North and South Ireland apparently are to be made the shoe horn to acceptance in Ireland for the time being of the status quo regarding the boundary," says the Westminster Gazette.

The Daily Mail says: "The British Government has definitely decided to put its hands into the pockets of British taxpayers to find the price of peace. It is anxious to avoid fresh disorder in Ireland and apparently is prepared to pay almost any price for that purpose."

## Saskatchewan Wins In Clydesdales

Chicago.—Western Canada came into its own at the International Grain and Livestock Exposition, when Saskatchewan entries swept the field clear of prizes for Clydesdale horses, including declaration of an entry from that province as grand champion stallion of the show. This, the premier equine honor of the show, went to "Green Meadow Footprint," Clydesdale stallion, owned by University of Saskatchewan.

## Yeggmen Easily Scared

New York.—The squeals of a dying rat which presumably had its life ground out beneath the heel of a yeggman are thought to have scared safe blowers who abandoned \$30,000 worth of diamonds after they had opened a safe in a jewelry store.

## LIVE STOCK JUDGING CONTEST

Winners of the W. C. Macdonald trophy for livestock judging at the Royal Winter Fair, Toronto, Ont. The Manitoba Agricultural College team which won the trophy this year by a margin of eleven points over a team from the University of Alberta. Seated—left to right: R. M. Scott, Prof. H. B. Sommerfeld (coach), Jas. W. Walter. Standing—left to right: M. J. McPhail, W. H. McEwen, Roy West.

## United Livestock Growers To Co-Operate With Alberta Livestock Pool

Alberta Co-operative Livestock Producers Name Three Directors to Board of U.L.G.—Advance In Co-operative Shipping Looked For

During the past week a change in the organization of United Livestock Growers, Ltd., has been completed under which this company and the Alberta Co-operative Livestock Producers, Ltd., commonly known as the Alberta Livestock Pool, are co-ordinated. This arrangement received the unanimous approval of the shareholders' delegates at the annual meeting of United Grain Growers Ltd., and has been brought into effect as a result.

Up until now United Livestock Growers has been conducted by United Grain Growers, although for 18 months it has been carried on as a separate organization, the profits of which have been distributed on a co-operative patronage dividend basis.

Under the new plan the Alberta organization takes up a number of shares of stock in United Livestock Growers Ltd., and is entitled to a representation of three on the Board of Directors, while the three remaining directors are nominated by United Grain Growers, Ltd.

The plan of organization adopted looks to the organization in each western province of a federation of livestock shipping associations which will take stock in and elect a proportion of the directors of United Livestock Growers Ltd. Until the shipping associations are ready to assume that responsibility, United Grain Growers will continue its financial assistance to the livestock organization.

The U.G.G. directors on the new board are: C. Rice-Jones of Winnipeg, F. J. Collyer of Welwyn, Sask., and John Reid of Orcadia, Sask. The representatives of the Alberta Co-operative Livestock Producers Limited, are: H. N. Stearns of Innisfree, Alta., A. McMillan of Tees, and A. B. Claypool of Swalwell, Alta. Mr. Rice-Jones has been elected President and Manager, and Mr. Claypool, Vice-President.

The new organization does not necessarily mean any change in the methods under which United Livestock Growers conduct their livestock business, nor in the handling of the Cattle Pool. It is expected to mean a considerable advance in co-operative shipping of livestock in Alberta, and an increased stimulus for the formation of co-operative shipping associations.

During the past year United Livestock Growers handled a total of 7,641 cars of livestock on the yards at Winnipeg, Moose Jaw, Calgary and Edmonton, and a co-operative patronage dividend of \$32,000.00 was distributed among shippers to the Cattle Pool.

## Mutiny In Indian Jail

Leader Was Killed In Pitched Battle With Guards

Rangoon, India.—Nine persons have been killed and twenty-four wounded in a jail mutiny at Pyayun, Lower Burma.

Led by a murderer under sentence of death, prisoners overpowered the guards and seized arms. Police surrounded the jail and the prisoners surrendered only after a pitched battle in which five prisoners and four guards were killed and 20 prisoners and four guards wounded.

The leader of the mutiny was among those killed.

## Donates \$75,000 To Restore Warship

London.—An anonymous donor has sent Earl Beatty, admiral of the fleet, \$75,000 toward the fund for the restoration of the Implacable, one of the warships in the battle of Trafalgar. Up to the present receipt of \$75,000, the contributions to the proposed fund of \$100,000 had been arriving slowly, only \$10,000 having been collected.

## To Scrap Naval Ships

London.—Thirty-seven British naval ships will be scrapped in the immediate future, J. C. C. Davidson, under secretary of the admiralty, said in the house. This list will be made up of three cruisers, five depot ships, 11 destroyers, seven submarines, three trawlers and one drifter.

## Cressman Bros.

Phone 65.

"Good nature and the Christmas spirit is that lovely quality that disposes one to enjoy and promote the happiness of others."

*And how can that spirit be better promoted than by giving something that is useful, a gift that is serviceable throughout the year, and one which will be appreciated.*

.....

Our COMMUNITY SILVER gives you a big choice, and its reputation is such that it receives a warm welcome always.

CUT GLASS is another favorite gift. We have a delightful selection.

We also have a nice assortment in PYREX.

An ELECTRIC LAMP makes a nice Christmas gift, and we have quite a number to choose from.

Also Brass Jardinieres, Flower Vases, and Everything in Cutlery.

## W. G. LEISEMER

Dealer in Shelf & Heavy Hardware, Stoves, Tinware  
Paints, Oils Farm Implements

DIDSURY

The "Pioneer" carries a beautiful line of Christmas Cards.

Your order will be very much appreciated.

## AROUND THE TOWN

A report of the Town Council with other news is unavoidably held over until next week.

A child's hat was picked up this week and brought into the Pioneer office. Owner please call.

The Women's Guild of St. Cyprian's church wish to thank all those who contributed to the bazaar on Saturday last and helped to make it such a success.

The pupils of the Didsbury Public School will hold a concert in the Opera House on the evening of Tuesday, December 22nd. A further announcement will be made in next week's issue.

Regular English sermons will be held at Westcott Lutheran church. Sunday at 10:30 a.m. In his sermon the pastor will answer the question "Is Jesus the promised Christ?" A cordial invitation is extended.

On Saturday, December 12th, at the Didsbury Opera House, the picture will show Hoot Gibson in "Let 'er buck," featuring the "Pendleton 1924 Round-up." Also No. 8 Riddle-rider. If it's pep you want, here's where you get it.

The picture at the Didsbury Opera House, on Wednesday, December 16th, will be "The Pony Express," James Cruze's big success following "The Covered Wagon." This is a ten-reel picture. There will also be a good comedy.

The Didsbury public will be delighted to hear that Manager Sharp has made arrangements to show the picture "Charley's Aunt" at the Opera House on Saturday, December 19th.

The Ladies Aid of the United church will hold their annual bazaar on Saturday, December 12, from 2 to 6 p.m. in the Opera House. A fine display of Xmas gifts and home cooking. Tea served, also fish pond for kiddies.

Owing to the big success of the miscellaneous auction sale held in town on Saturday last, J. W. Phillips has decided to make this a regular feature. Consequently, anyone with articles of value lying around will have the opportunity of converting them into cash.

Election of officers of the O.E.S. took place on Tuesday, December 1st, as follows—Worthy Matron, Mrs. Durrer; Worthy Patron, W. Leadbetter; Associate Matron, Mrs. W. Leadbetter; Conductress, Mrs. Hillyard; Associate Conductress, Mrs. Lowry; secretary, Mrs. Hamper; treasurer, Mrs. Rennie.

Those who post parcels of merchandise for the United States should understand that these parcels are sent by the Canadian post offices to a United States border customs office and not direct to the office named in the address. At this border customs office the parcels are examined for customs duty. Owing to the immense volume of business at the Christmas period there is apt to be delay in the handling of the parcels. Furthermore there will be no Christmas day delivery in the United States cities and the public are advised to post all Christmas parcels for the United States in exceptionally good time.

### MILLINERY SALE

During the next ten days Mrs. Peterson will dispose of all trimmed and ready to wear hats at the Jackson Block.

Do your shopping early.
